TAKE A LOOK AT OUR ENGINEERED FLOORING RANGE.

ENGINEERED FLOORING 14 MM

Vista has recently introduced a new collection of engineered flooring in 14 mm thickness with top layer of 3 mm that is made up of real hardwood.

It is installed using the click system method in the shape of a stylish and aesthetically pleasing V Groove Edge and completed with a UV Lacquered Finish.

ENGINEERED FEATURES

Simulates Nature

Imitate the best of nature with Vista Engineered flooring. We provide the Oak wood species in engineered wood and have stuck to the traditional wood colors for this particular segment, so that you can savor nature as true to its glory as possible.

Built To Survive

If your durability concerns are around moisture, humidity or temperature, engineered is the way to go because it's layered construction provides a stable core that makes it less likely to expand, contract or shift with environmental changes.

Also its 14mm thickness provides for extra protection and sturdiness.

Ease of Maintenance

One of the reasons people love engineered flooring is that it is easy to care for. With proper cleaning and maintenance, your engineered wood floor should provide many years of high quality luster, and durability to your home.

Cleaning the floor with a damp cloth is all that it takes to keep engineered hardwood looking great for many years.

Range Dynamics:

SHADES: Available in more than 05 beautiful shades.

Easy To Install

It is a simple and straight forward installation method, requiring less skill and equipment to install the floor. The planks of flooring click in to place and lock together so there is no need for glue, screws or nails.

The interlocking joints are machined onto the flooring, and provide a very tight fit, eliminating the risk of gaps between the flooring planks.

Get Inspired

Give life to your floor with our new collection of Engineered Flooring that is very close to nature with a top layer of real hardwood.

Made with the Oak wood species in thickness 14mm, it is super durable against moisture, humidity or temperature.
