GLIMPSE OF OUR RETRACTABLE AWNINGS RANGE.

# RETRACTABLE AWNINGS

## The Folding Arm Awnings

Vista Folding Arm Awnings, also known as retractable awnings, has a timeless and effortlessly graceful style. Designed with a compact square bracing bar and gently rounded front bar, it provides an understated, tailored look that draws the eye to the fabric.

Its slender, squared arms fold inward and slide noiselessly across the front bar as the awning opens and closes.

# RETRACTABLE FEATURES

## Made for hardships

Retractable awning's frame is made of extremely durable powder-coated non rusting aluminum with aluminum brackets. It has non rusting stainless steel chains in the arms, the strongest available in the industry.

## Flattering Fabrics

Vista Folding Arm Awnings are covered in the full range of solution-dyed acrylic fabrics. This woven, breathable fabric has vibrant colors, a superior UV and glare protection history, and special treatments that make it mold, water and stain resistant.

## Truly Versatile

The Roma can be installed with a pitch anywhere from 0° (essentially flat, for maximum shade) to 45° (a relatively steep angle, good for late afternoon shade or light rains). The Roma has a Beaufort wind load rating of 4 and can handle light rain.

## Seamless Operations

The Retractable awning is available in both manual and motorized version. Vista Folding Arm Awning even has special features that make it an effective commercial awning. With options for an extra-long valance and telescopic poles the Roma has extra space for screenprinting company names, logos, or telephone numbers.

## Get Inspired

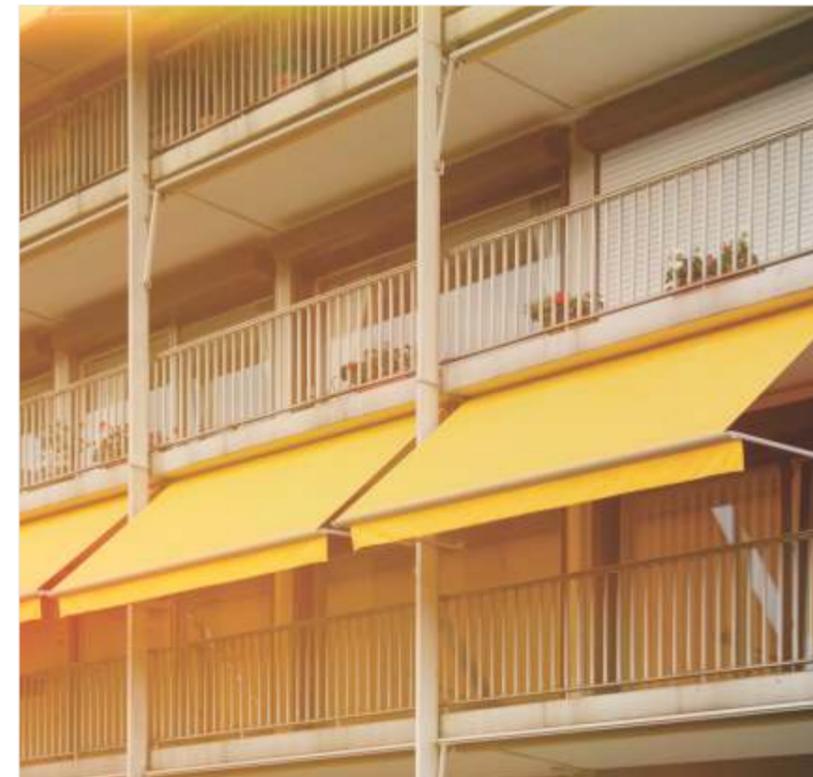

The minimalist look of the Vista Folding Arms Awning is ideally suited to homes, where the retractable awning acts as a dramatic frame for a patio, deck, balcony, or even pool. The retractable awning is also used for many commercial establishments such as restaurants, hotels, nightclubs, pubs and outdoor events such as weddings or any area that needs a large area using a water resistant product.

## Range Dynamics:

**SHADES:** Available in more than 75 beautiful colors and prints.

**FABRICS:** Translucent and Black-out

**OPERATING SYSTEMS:** Available in both manual as well as motorized.
